

Annual Biotech Panorama 2014

March 13, 2014

Partner Event organized by FACCNE and the French American Biotech Springboard (FABS). Reflection on the biotech success stories of the year. Panel discussions and presentations: Venture Caps, Angels, FABS, Academics, Consulate representatives, and Product development. No awards, no endorsement, just understanding how they did it! Followed by networking event.

Description:

This event brings together French, German, American, Swiss and British professionals providing an overview of the year past—NDAs, Investments & IPOs of Massachusetts. Our goal is to provide perspectives for the upcoming year, give an update on biotechnology in Europe, provide the viewpoints of life science investors, and give examples of new trends and the entrepreneur experience.
